=====

Dear Nhu Y Do,

A revised version of the paper

172: "Pumped Storage Power Plant, Solutions to Ensure Water Sustainability and Environmental Protection"  
has been uploaded.

You are kindly asked to review this revised version.

To upload your report select the 'Review' intent for GTER2022 · GTER2022 Volume2.  
You can still access the reports of the previous version in the paper details.
