Best regards,
The conference chairs

> *** Novelty and originality: Rate the novelty and originality of the ideas or results presented in the paper.

Some interesting ideas and results on a subject well investigated. (3)

> *** Technical content and scientific rigour: Rate the technical content of the paper (e.g.: completeness of the analysis or simulation study, thoroughness of the treatise, accuracy of the models, etc.), its soundness and scientific rigour.

Valid work but limited contribution. (3)

> *** Quality of presentation: Rate the paper organization, the clearness of text and figures, the completeness and accuracy of references.

Substantial revision work is needed. (2)

> *** Relevance and timeliness: Rate the importance and timeliness of the topic addressed in the paper within its area of research.

Acceptable (3)

> *** Strong aspects: Comments to the author: what are the strong aspects of the paper

The paper proposes a method for sentiment analysis on Vietnamese comments.

> *** Weak aspects: Comments to the author: what are the weak aspects of the paper?

It is necessary to provide a detailed description of the testing data. How is this testing dataset labeled?

The authors need to compare the proposed method with the approaches of sentiment analysis on Vietnamese comments using the VnCoreNLP and Pyvi libraries.

The English of the paper is not good and needs significant improvement.

> *** Recommended changes: Recommended changes. Please indicate any changes that should be made to the paper if accepted.

It is necessary to provide a detailed description of the testing data. How is this testing dataset labeled?

The authors need to compare the proposed method with the approaches of sentiment analysis on Vietnamese comments using the VnCoreNLP and Pyvi libraries.

The English of the paper is not good and needs significant improvement.

> *** Comments to the TPC: Confidential comments to the TPC (will be not sent to Authors)

The content of the paper is not related to IoT.

> *** Submission Policy: Does the paper list the same author(s), title and abstract (minor wording differences in the abstract are ok) in its PDF file and EDAS registration?

No

> *** Overall Recommendation: Overall Recommendation
